### 7. Comments (optional)

The Complainant has adduced unrefuted evidence that the domain name in which the Complainant has Rights, is an Abusive Registration in the hands of the Respondent, as the Respondent is using the disputed domain name in a way that is likely to mislead members of the public by sending to potential investors emails impersonating Complainant ("phishing"); by using Complainant's name, marks, and the name of Complainant's financial advisors; and asking for payment or the transfer of funds ostensibly in connection with an investment scheme to defraud consumers.

### 8. Decision

I grant the Complainant's application for a summary decision. In accordance with section 12 of the Policy, the domain name will therefore be transferred to the Complainant.
